GARBER

We are enjoying the most delightful weather just now, but with the few chilly days of last week that made us hunt the fire mornings and evenings, was a reminder that winter is surely coming and the wood heaters have been brought out of their hiding places and now is the most conspicuous article of house comforts. Although we had three frosts we do not notice that anything has been killed, but on the ridges no frost is reported yet.

Eaton Fronberger is taking a lay off this week from Bridge work to look after some of his farm work.

Mrs. Inez Callison came out Sunday evening and is visiting her parents Mr. and Mrs. H. A. Wilson for a few days.

Mrs. H. A. Wilson and Miss Bertha Ray were Branson and Hollister shoppers Saturday, returning home with their arms full of the necessities of autumn.

About noon Sunday while the Postmaster was busy with his postal account he was interrupted by a couple of Branson's most prominent women, who proved to be Mrs. A. J. Brazzel and Mrs. Hoenshell who had been out to Marvel cave, and on returning next morning failed to make connection with 209 at Roark siding, but were in time to see the train pass over the bridge, that was some compensation for their tardiness, but they had set out to go home, and as walking was not all taken up they started for Branson and after an hours walk stopped at Garber to call up their hobbies and tell them they were on their way and

would reach Branson some time in the near future if their feet held out. We tried to persuade them to stay for dinner but no they had just had breakfast and with eight miles to hike did not have time for any more refreshments, and the last we saw of them they were hiking down the hill to the road on their way we hope they reached their homes that night and could dream of the beauties of the scenery they passed through and the on rushing train that waits for no one. But missing the train has become quite popular and since the trainmen insist on running on time people will have to move fast to get up earlier and hustle.

J. F. Hill of the Rock Ridge ranch and Harry Brown went to Springfield last week returning home Saturday. They had been attending to the road business and have it in fair shape now to soon begin work.

H. P. Cox has bought out Sid Fronberger and will go down on the creek soon, while Sid will move his family to Oklahoma, and go to farming.

W. W. Walden came up from Bergman, Ark., last week and spent a few days in this neighborhood, and says he is well satisfied with the change he has made, but yet he comes back to his old stamping ground like a horse to his old range. Come on W. W.

The bridge men are unloading lots of timber for repairs to numerous trestles.

Deputy Sheriff St. Clair was out Monday serving election judges of their duty on Nov., the 11th.

HILL TOP

Mr. Moorland made a trip to Springfield this week to have his eyes treated.

Rev. Relf of Sparta has been holding an interesting meeting at Pine Ridge.

Miss Clara Tinker and Tressie Cunningham visited with their teacher, Miss Clevenger last week.

County Supt., John W. Bennett visited Hill Top school last week.

President of the Board, W. G. Denison visited the school Monday. He found pupils much interested in their work and Miss Clevenger doing her best to have a good school.

Mrs. Shipman and Velvie Baker visited at the home of John Baker the latter part of last week.

Misses Clara and Iva Parrill visited with Mrs. Moorland Saturday night.

Miss Olie Moorland made a trip to Springfield to have some glasses made for her eyes.

Tom Back returned from Springfield yesterday.

Tom Titsworth passed through this burg enroute to Chadwick Monday.

Sander Back and Guy Beechler called at our school house last week bidding all good bye. They were on their way to Arkansas.

Lewis Denton was seen over near Ray Tinkers' hog hunting last week.

We hear talk of a box supper at Hill Top, look out for a good time. It will be jolly, well, I think so.

Tabernacle Meeting Ended

Our big Tabernacle meeting was a great success, which ended here today. We had a large crowd most all of the time, and a grand revival most of the time, many souls were made happy, and resulted in 22 conversions and 6 Were Baptized Sunday. The Rev. Gilbert left this morning the 3rd for his home to attend his home association. So we think the meeting was a success. Bro. Gilbert received a total of \$63.70 cash after all expenses were paid, for which he wishes to thank the people of Forsyth and vicinity around, and all that gave any amount, and the good people who took him into their homes and let him share their hospitality, and all who assisted in the meeting in any way.

We also want to announce that there will be another meeting, beginning the 8th next Sunday night at 7:30, with Bro. Hiram Hart and John Comer and wife, assisted by the local talent. And every body is invited to attend, that we might have a good meeting.

The Forsyth-Grimesville Highway

Tuesday morning, the editor, in company with Geo. T. Hicks, Chas. Groom, Arthur James and J. W. Reese, in Mr. Reese's automobile, made a little trip down on the road between here and Kasser Mills where the road workers are making the road over the Barker hill, one of the worst places in the county that they had to contend with, into one of the best roads in this part of the country. And in addition to the regular force of hands employed by the Highway Commissioners, the neighborhood down that way had turned out thirteen men and two teams and were doing their level best to help build the road by donating their time.

The road when completed will be one of the best in this part of the country and will make traveling a pleasure in a part of the country where it has been most anything else in bad weather. There have been some change made in the location of the road and a good many of the hardest grades have been done away with entirely, and others have been reduced by grading until it begins to look a good deal like a good road.

charge have been spending and time money to make a good road, and the people along the right of way are taking a big interest in the work, so that they are making more of a showing than is usually accomplished in the same length of time.

The weather has been fine for working the roads and with the big engine and grader doing the heavy end of it, will not be long until good roads in all directions will be an accomplished fact, and not just talk. Get together and push is worth more in any community than hanging back and knocking on any proposition, and without co-operation of the people along the roads in the county there cannot be more than one-half as much done as there can be where everybody takes hold and helps out.

Henry Sullenger was over from Branson a few hours Tuesday.

An Enjoyable Surprise

Sept. 14th, will be a well remembered day with Mr. and Mrs. W. H. White and some of the people of Swan.

Mr. and Mrs. White are preparing to return to the northern part of the state and the neighbors and friends desired to show their appreciation of true neighborliness, while the couple were supposed to be at Sunday School, the many friends gathered to their home with baskets and boxes well filled, to give them a surprise dinner, but they had returned. Nevertheless they were surprised. It was not long until there was a table erected in the yard under the trees table linen was soon spread and oh, the good things to eat, fried chickens, cakes, pies, salads, pork chops, jellies, potatoes cooked in various ways, cabbage and other vegetables, to say nothing of cookies, slaws, sal-

mon cakes, jelly rolls, chicken dressing, and dumplings, and don't let us forget the delicious coffee which "Mother White" as she is familiarly called, dispersed to us. Those present were Messrs. and Mines. Irvin Wilt, Wm. Grim, Verna Gmlin, J. W. Morgan, N. E. Burger, Cal Shipley, T. B. Cook, E. N. Johnson, Jno Morgan, Geo. Burger, I. N. Johnson, Licklider, Henry Heeschen and Misses Martha, Julia and Laura Johnson, others were present there being fifty one in all. We are sure to see Mr. and Mrs. White go as they are leaving a host of friends and a beautiful home here, but we understand that their friends in the north are already awaiting their arrival and we sincerely hope that they will be blessed with as nice a home as they are leaving here.

A Friend.
